Dear \_\_\_\_\_:

The Networked Learning PH Inc. is a professional organization of online teachers and ICT for education (ICT4E) researchers in the Philippines. It promotes inclusive education by training teachers to develop competencies aligned with 21st-century education.

In response to the new reality of education technology, NLPH is organizing an intensive 3-day teacher training entitled, "**Education EmpowerED: Transforming Teaching and Learning with EdTech**" on August 8-10, 2024 at De La Salle Lipa.

At the end of the conference, participants are expected to:

1. explore and adopt different strategies on how to address learning gaps resulting in the pandemic;
2. learn how to design school learning plans to address learning loss; and
3. develop an effective, flexible, inclusive, and gender-sensitive learning environment.

Seminars on how to use online and e-Learning classes will be held with the help of top tech instructors/trainers from different IT companies' advertisement learning institutions.

In line with this, we would like to invite participants from your school to attend the said conference. We highly encourage you to send administrators and teachers from different learning areas because one of the highlights of the conference is the teacher showcase/demo of their best technological practices in different subjects/learning areas. They may register online at <http://www.nlphi.org>.

Attached herewith is the program of the conference.

For clarification and further inquiries, please email me at [nlphinc2016@gmail.com](mailto:nlphinc2016@gmail.com) or call/text me at +63 917 537 9020.

Sincerely yours,

**Dr. Henry Leen A. Magahis**
